

# Composition of a LCC System

- 1 It is possible just to start with a LCC900 MODULAR Climate Computer in one compartment and then to expand as desired.
- 2 Weather Station MS900 can be added.
- 3 The system can be expanded with AMI90/900 Fertilizer Mixers.
- 4 LCC900 Boiler Room Computer can control heat and CO<sub>2</sub> supply.
- 5 Central PC with SuperLink program for datacollection and operation of the whole system from the office.
